Description:

At the heart of John C. Maxwell's brilliant and inspiring book is a simple premise: To do well in life, we must first think well. But can we actually learn new mental habits? Thinking for a Change answers that with a resounding yes -- and shows how changing your thinking can indeed change

your life. Drawing on the words and deeds of many of the world's greatest leaders and using interactive quizzes, this empowering book helps you assess your thinking style, guides you to new ones, and step by step teaches you the secrets of: Big-Picture Thinking -- seeing the world beyond your own needs and how that leads to great ideas. Focused Thinking -- removing mental clutter and distractions to realize your full potential. Creative Thinking -- stepping out of the box and making breakthroughs. Shared Thinking -- working with others to compound results. - Reflective Thinking -- looking at the past to gain a better understanding of the future ...and much more. Here America's most trusted and admired motivational teacher examines the very foundation of success and self-transformation. Illuminating and life-changing, *Thinking for a Change* is a unique primer not on what to think, but how to best use one of your most precious possessions: your mind.

John Maxwell pens a challenge to organize information and strategically think in order to lead well in life. He posits that eleven principles will help create a new paradigm for thinking that parallels the thought filter of highly successful people. His eleven guidelines of thought are: 1) Big-Picture Thinking, 2) Focused Thinking, 3) Creative Thinking, 4) Realistic Thinking, 5) Strategic Thinking, 6) Possibility Thinking, 7) Reflective Thinking, 8) Questioning of Popular Thinking, 9) Participating in Shared Thinking, 10) Unselfish Thinking, and 11) Bottom-Line Thinking. This is an important read for every leader. I think anyone will enjoy the illustrations used to present the principles. For me, the illustration of Columbus sailing under the Flag of Isabella is incredible. Perhaps the motto change upon the flag best supports the mindset transformation that Maxwell is challenging his reader to. May we all move from "Ne Plus Ultra" to "Plus Ultra" as well.
